Details	Number of parishioners engaged with	General Comments
Tom Woof gave a presentation	19	Glad to see the inclusion of Halmshaw's Garage
Copies of the draft plan and the questionnaire were available in the café for this period		Difficult to determine as copies visible
Copies of the draft plan and the questionnaire were available at councillors' home, a sign was posted on the gateway to each property	8	Excellent idea Great document Like the heritage centre
A large scale format of the plan was printed and displayed	5	Plan was interesting and appreciated
A large scale format of the plan was printed and displayed	6	Plan interesting and parishioners valued the Parish council's instigation of such a plan
A large scale format of the plan was printed and displayed	20	Wonderful document

Specific Feedback

Parishioners keen to see a more localised approach to planning for Morland.

Great opportunity for local involvement.

Interested in protecting Morland from more or large scale development

Great to see if unused buildings can be gradually reclaimed.

Desire to see open spaces protected. A number of parishioners felt a formal plan was a really good idea.

⌘ but take up not monitored

Like to see the Becksid as an asset

Can more space be identified for parking

Parking was raised a number of times in relation to a) permanent residents needs and b) for visitors and adhoc village events. Particular areas of concern are Water Street, High Street and the Great Strickland road.
