

Windermere Station Gateway

Station Option 3

This option creates a new station building in the centre of the site. It would create a much larger public space, make the station more visible, and improve connections between the station, buses, taxis, parking and town centre.

- 1 Station Building**
A new, larger station building in this location would allow for more seating, WC's, and waiting space.
Floorspace area: 184m²
› Existing: 74m²
- 2 Canopy**
A covered area would provide shelter and seating within a redesigned station space.
Canopy area: 125m²
› Existing: 20m²
- 3 Forecourt**
A new public square could be created between the station and Booths.
Forecourt area: 1,330m²
› Existing: 508m²
- 4 Seating**
More seats would be provided across the station area to make waiting more comfortable.
Number of seats: 32 no.
› Existing: 10 seats
- 5 Access & Movement**
Parking and drop-off areas would be simplified to improve safety and make the station easier to use.
- 6 Cycling**
A new cycle hub would provide secure storage and hire facilities.

- Bus Stops** x2
- Pay & Display** x6
- Staff Parking** x2
- Taxi, Pick-Up & Drop-Off** x5
- Blue Badge** x2
- Cycle Hire / Hub**
